Summary

I feel that my strongest strengths are firstly having a passion for technology and software engineering. Secondly an ability to understand and priorities my work in solving a problem, thereby helping me to successfully deliver results. Finally, my practice of facing problems involved in a project, then identifying the requirements and to then provide an appropriate solution.

Career Objective

To build up a challenging and rewarding career in an organization that offers structured career progression with the extent of competitive, dynamic and friendly atmosphere and generates a supportive ground for the functionaries to meet the challenges of the organization with sincerity, Punctuality, Commitment, Self-competency and hard work. My goal is to reach at the highest apex of success by sharing my knowledge, potentiality with work in different IT Sector.
